Re: **City of Sunnyside – City Hall**

Dear Mayor Garcia:

It is our understanding that Canfield & Associates has been in the process of investigating a complaint by Deborah Estrada regarding a hostile work environment claim. It is also our understanding that this investigation was put on hold by the interim city manager.

We would like to request to have this investigation reopened. We feel that there exists a hostile work environment in our office. We have had this situation for over three years and it is our hope that through the investigation that there would be some resolution and some peace.

We would also like to request a copy of the investigation when it is given to you.

If you have any questions or should you need more information, please do not hesitate to contact us. Thank you.

Respectfully submitted:

Pam Sandefer
